- 25X1A \*\* [REDACTED] Comment: Froeschel has previously been reported as a member of the Control Commission of the Centrale Sanitaire Suisse, auditor of Party funds for the Zürich section of the PdA, and mistress of the Russian national, Dr. Alexander Tscherniak (or Cerniak), who was a professor at the University of Zürich for many years. Tscherniak is reliably reported to have had connections with the Soviet IS in Switzerland during the war. In April 1951, Tscherniak moved from Zürich to Berlin and is now reported to be in the USSR.
- 25X1X [REDACTED] Comment: Despite Skobelev's unwillingness to finance the "Friendship Month", the Soviet Legation does not want the Society to give up its present quarters at Müllerstrasse 77, Zürich. [REDACTED] that the purpose of the meeting in Lausanne is to discuss how the Soviets may contribute money to the Society without this fact becoming known to the Swiss authorities.
- 25X1X [REDACTED] of the opinion that the Soviets will not put up any money until they have eliminated from leading positions in the Society persons like Farmer whom they no longer trust.
